Cover Letter for Duru Ates

Giulia Bison
Co-founder and creative director of Motel409
Viale Romolo 6 Milano

Dear Sirs,
As the Creative Director for Motel409, Duru Ates has worked with me for the last 3 months as junior art director.
She was responsible for research and concept ideation based on a brief and working directly on set during photoshoots. She is skilled in using Adobe creative suite for the creation of presentation files and for the creation of simulation layouts.
I've also had the chance to meet Duru while teaching at Naba the course of accessory design and I'm impressed by how her creative thinking, teamwork and technical skills have evolved over the time.
Duru Ates will be an asset to any team she joins, and I give her my wholehearted recommendation. Please call or email me if you would like to discuss her qualifications further.

Sincerely,
Giulia Bison
